ZIMMER+ROHDE

Product data sheet

An absolute highlight in this collection is Dipinto, a handcrafted and highly elegant embroidery on the hand-woven bouclé silk, Monsoon (ZR 10683). In keeping with the contemporary Zeitgeist, this luxurious embroidery that is enhanced with subtle metallic yarns, creates a charming contrast to the raw silk base. The natural look of this beautiful item encompasses both the slight horizontal streaking and the thickness of the spun silk yarn.
