

ZIMMER+ROHDE

Product data sheet

The high-quality, light and transparent single-colour fabric Leny is woven from finely spun Trevira CS threads. The extremely soft feel and light drape is created by its Aero- finish, in which the fabric is processed with hot air at high pressure. Leny comes in 20 colours, including natural tones and delicate, powdery colours in two-tone combinations. This article is available in 20 colourways.
