## Product data sheet

On closer inspection the armor of an armadillo is a fantastical surface of overlapping scales. Spots and striped markings alternate, sometimes sitting loosely and sometimes more closely together. As a print on a dense, yet elegantly flowing, pure linen weave, this inspiration results in an extremely delicate and subtle striped design. We have taken care to ensure that the printing process as well as the finishing are particularly resource-friendly and toxin-free for the ultimate feel-good experience.
