

ZIMMER+ROHDE

Product data sheet

Like a unique gem, GOLDEN RAIN can adorn any room, glistening with elegant restraint as the light passes over it or standing proud like a shimmering sapphire. The fragmented silver and gold structure pours out like a metallic rain over a background with a mother-of-pearl finish, evoking thoughts of a fine gold leaf. This is the result of a complex process where the metal foil has been applied to the base to mimic high-quality craftsmanship. This article is available in 4 colourways.
