

ZIMMER+ROHDE

Product data sheet

Inspired by the abstract art of Constructivism, diagonal striped motifs and triangular surfaces combine to create a captivating geometric all-over design. The hand-sewn motifs add a relief effect with their slightly raised texture on the linen base.

Every detail of this intricate embroidery exudes a love of textile craftsmanship.

TRIANGLES is a striking statement, which can be used as a curtain fabric, cushion landscape or as a wall covering.
