

ZIMMER+ROHDE

Product data sheet

Cabrio feels fantastic and working with it is an indulgence. The use of chenille for the weft lends this fabric volume and gives it a soft, pleasant feel. The matte warp yarn provides the contrast. It can be seen here and there on the surface, which characterises the design. Cabrio has all-over pattern structure. In some of the colour combinations it features understated matching colour tones and in some there is a little more contrast.
