

ZIMMER+ROHDE

Product data sheet

The charm of Amalfi Wall lies in its special interpretation of an exotic landscape, which is defined by vibrantly drawn lines. This accentuated, raised design is created on a thin foundation of metallic pigment, which has a special way of creating depth. The five tranquil colours are in keeping with the various light conditions during the day – from a soft pink with light silver through to a golden grey with midnight blue. For the 2017 collections, Amalfi Wall was created both for the wall and as a decorative fabric. It can be found in the textile collection under Amalfi as an embroidery on linen fabric.
