

ZIMMER+ROHDE

## Product data sheet

Our new Phönix Jacquard velour features a classic pattern in velour with a contrasting outline in a different colour. The attractively glossy background provides the contrast. Different weft yarns give the base fabric its grainy texture. Phönix is the matching decorative fabric designed to supplement our single-colour velour Infinity Plus. Both high-quality fabrics provide the same high level of functionality: Washable and low-maintenance Durable Highly light fast Phönix rounds off our range of high-tech upholstery fabrics.
