

ZIMMER+ROHDE

## Product data sheet

Asni's inspiration comes from striped Berber carpets. Here, the stripe is woven through the weft as a broad block of color.

The traditional craftsman's weaving mill, based in Belgium, is a certified Master of Linen as well as being European-Flax and Oeko-Tex-certified. The high quality linen used in this fabric, is a testament to the traditional hand loom heritage from South of France. The "washed and tumbled" finish provides softness and a natural handle for modern interiors and large windows that open out onto nature.
