Product data sheet

Inspired by the impressive baroque trompe-l'œil frescoes, SPAZIO plays with classical proportions and perspective.

The decorative surface embroidery creates an impressive visual depth. The expansive coffered motifs are arranged in contrasting colors on the exquisite linen base fabric in satin weave.

The exquisite craftsmanship of the embroidery, alternating matte and shiny yarn, provides a welcome lightheartedness, contrasting with the stringency of the neoclassical arrangement. It owes its contemporary character on the one hand to the elegant popular design in Greco-Roman architecture of yesteryear, and on the other to the imaginative combination of different embroidery techniques – not forgetting the unusual color scheme. Each of the four signature colorways conjures its very own realm of color – the perfect inspiration for any interior concept.
