

ZIMMER+ROHDE

## Product data sheet

This plain wallcovering accompanies the entire collection with its four colours. Perfectly matched to the base colours of Fortune, offers Flair an ideal addition to the designed wall. Its subtle matt-gloss contrast and its cloudy, all-over structure adds depth to the surface and creates an interesting interplay depending on how the light falls. This wallpaper appears with a delicate impression on the wall and can be combined with virtually all of the wallpapers in the Identity collection.
