

ZIMMER+ROHDE

## Product data sheet

A ZR classic, this has been a successful upholstery fabric for many years whose colour palette has been updated with many new colours. New accent highlights are provided by silver and up-to-date aqua tones, as well as by pastels such as rose, lavender and lime green. The delicate two-tone strié warp with a somewhat thicker weft yarn is characteristic of this classic product. The variations in the yarn strengths and the choice of weave create a subtle irregular surface.
