ZIMMER+ROHDE

Product data sheet

A sophisticated decorative fabric, EPISODE is a perfectly understated material that effortlessly blends into any interior design. EPISODE - with its vibrant texture and floating linen yarns that add a certain dynamism to its wave-like movements - is simply breath-taking. The opaque base fabric, which features a fine Jacquard structure paired with targeted colour contrasts, gives rise to an unusual look that skilfully contrasts its elegant shim-mering yarns with matt natural fibres.
