DYEING METHOD	yarn dyed
PILLING (EN ISO 12945-2)	-
RAPPORTWIDTH	42 cm
RAPPORTHEIGHT	58 cm
MANUFACTURING METHOD	-

Product data sheet

Despite its bold allover embroidery and sturdy cotton base fabric, VAN ALEN is a soft and snuggly material. Available in a captivating shade of black, a modern rust tone and an elegant beige hue, this fabric opens up a world of creative freedom. Its design evokes the monumental architecture of the first skyscrapers in 1920s America, such as the Chrysler Building designed by William Van Alen.
