Category: Sheer
Width: 330 cm
Material: Ground/Pile: 23% Polyester, 77% Trevira CS Polyester
Rapport: $\updownarrow 0 \leftrightarrow 98$ cm
Care Instructions:     
Use: 

Article Description

The Coral watercolour design evokes the depths of the sea and its phenomenal flora and fauna, where sunlight is refracted into the luminous shades of the underwater world. This ultralight, transparent fabric portrays the range of colours you would experience if you were to dive headfirst into the water.
